

NYSSA Online Membership Primer

You will soon be receiving your 2009-2010 snowmobile registration renewal as The New York State Department of Motor Vehicles (NYSDMV) has started mailing them. Our online sales indicate some have started the club renewal process.

During the course of the season last winter the membership IT team did make some changes to the membership system that will make it easier for members to renew. The first step is to go to the NYSSA website at www.nysnowmobiler.com and click this green button:

It is imperative that you have your ID# before you start the renewal process. If you need assistance the information below is from the Help Section of the Online Membership System.

Login and Registration Help

Login You will need your NYSSA Member ID # located on the NYSSA ID Card and in the welcome e-mail sent when your club entered your membership.

You may obtain a new password by using the [Reset Password](#) on the login screen.

Can't locate your ID#? Your club membership administrator or NYSSA ([CONTACT NYSSA](#) below) can supply your Member ID.

Reset Password – use this to obtain a new password. This will require you to enter your e-mail for security and so a password reset link can be sent to you. Therefore it is important that the e-mail entered here is valid and active. Usually the activation e-mail is received within 1 minute.

If you have a new e-mail address since you registered or joined a club, please [CONTACT NYSSA](#) or your club to have your email updated.

Register If you have not previously been a snowmobile club member please Register.

You will be establishing a new and permanent NYSSA ID number and account password.

Below is the login screen. Hint: Your password must include both letters and numbers.
